

Our Background: Earthing Solutions Pty Ltd specialises in high voltage earthing, electrical infrastructure, lightning protection and the Level 1 and level 3 ASP market.

Established in 2003, Earthing Solutions is located in Hoxton Park NSW, and is therefore well positioned to service Greater Sydney and the entire state. As an authorised ASP 1 company, Earthing Solutions can carry out installations and work on high voltage and low voltage assets for and on behalf of the energy authorities such as Ausgrid, Endeavour Energy and Essential Energy. Furthermore, the company is certified to work in the Rail corridor on rail assets

All Earthing staff are highly experienced specialists that have been RISI and Pegasus trained. Led by Dave Gale, a hands-on business owner with more than 16 years experience in the industry, Earthing Solutions has earned a reputation for tackling even the most difficult projects in an efficient and cost effective manner.

Our business is built around our core values of:

- Integrity
- Professionalism
- Social awareness and engagement
- Service excellence
- Continual improvement
- Innovation to maintain and deliver now and for the future

What we do:

- » Substation Earthing and Fit Out
- » High Voltage Equipment Earthing
- » Complete Earth Grid Infrastructure
- » Rock Drilling Up to 30m
- » Substation Remediation and Upgrade Project
- » Rail Industry Earthing
- » Level 1 ASP Project Installation and Management
- » Electrical Infrastructure Installation Projects and Management
- » Testing Including: Current Injection, Earth Resistivity (Wenner Method), 3 Pole FOP (Fall of Potential), Ductor Testing, Earth Continuity (Milli OHM)
- » Earthing Design
- » Lightning Protection Design and Installation

Why Choose Us?:

Earthing Solutions is dedicated to delivering quality work to our customer's satisfaction on budget and on time.

- » Small Business values and ethics delivering more personalised service
- » Ownership of project from start to finish
- » Specialists in difficult and restrictive projects
